COMPLAINTS FROM BUSINESSMAN ON PARKING HEARD BY COUNCIL

New Brockton receives \$25,000.00 grant

by Marvin McLain - Editor

The New Brockton Town Council moved through a 26-item agenda in just over an hour Monday evening. After reviewing the conditions of a recently awarded \$25,000.00 grant to the police department, council members approved its acceptance. The grant was applied for by Lenwood Herron, a native of New Brockton who works with Southern Research Center, Inc.

The company specializes in assisting towns in applying for both state and federal grants and other government funds. Herron explained to council members that the grant approved for New Brockton is to be used primarily to pay overtime for existing police officers, and not to hire new police.

"We prepared this application as a courtesy to our hometown," said Herron. "There will be no charge for our services on this application."

It was noted by Herron that New Brockton was 1 of 6 towns statewide that was funded in the first round of the COPS MORE Program. The funds received through the grant will help the town pay 75% of the cost of police overtime on the streets and in the community. Should the town not spend the total amount in a 12 month period, an extension can be requested.

After several minutes of discussion, the council voted unanimously to accept the grant with one provision. That provision being, that Police Chief Charles Driggers, with the assistance of Herron, be responsible for keeping the records and filing the necessary documents to procure the funds. Both Driggers and Herron readily agreed to do so.

No date was specified when funds would become available to the department.

Continuing with other matters of

business, Chief Driggers reported that his department, during the past month, had answered 10 complaints, made 3 criminal arrests, investigated 5 accidents with 2 fatalities and 1 injury, and issued 42 traffic citations.

The rescue squad made 20 runs while the fire department responded to 3 calls.

Chief Driggers also presented a proposal that the town purchase a cellular telephone to be used in case of an emergency.

"We desperately need some help on this matter," O'Ferrell said. The lighting problem was discussed briefly by O'Ferrell. He stated that he had had a street light installed, at his expense, near his business to provide better lighting at night.

However, he noted that he was still looking at the matter and was open to any assistance from the town in providing a solution to the problem.

Mayor Kathryn Holley presented Southeast Insurance Agency's proposal to provide the town with its insurance coverage.

After noting that the premium would be twice as much as presently being paid to the League of Municipalities for insurance coverage, the council voted to stay with the present provider.

Mayor Holley noted that the all-day meeting to review the municipal codes had been re-scheduled for December 7.

Originally, the meeting was scheduled for the Thursday after Hurricane Opal hit.

The council voted to pay expenses David Pouncey incurred in coming to conduct the meeting.

He showed up for the meeting:

around long and hunt a place to park before they will just go somewhere else to shop," he said.

He suggested that a place be provided for business owners and their employees to park allowing the parking spaces to be used by customers.

Council members talked about the possibility of using some property owned by the town behind the businesses on main street for this purpose; however, no decision was made on the matter.

"We desperately need some help on this matter," O'Ferrell said. The lighting problem was discussed briefly by O'Ferrell. He stated that he had had a street light installed, at his expense, near his business to provide better lighting at night.

However, he noted that he was still looking at the matter and was open to any assistance from the town in providing a solution to the problem.

Mayor Holley noted that the all-day meeting to review the municipal codes had been re-scheduled for December 7.

Originally, the meeting was scheduled for the Thursday after Hurricane Opal hit.

The council voted to pay expenses David Pouncey incurred in coming to conduct the meeting.

He showed up for the meeting:

however, the town was without power and officials were involved in the recovery process from the hurricane. No meeting was held.

Before adjourning, the council voted to take action on seeing that vacant lots in the town are kept clean.

Each member of the council agreed to survey their district and provide the police department with the proper information so that contact can be made with appropriate property owners concerning this matter.

The council also voted to strictly enforce the "no smoking" policy in all municipal buildings.

In other matters of business the council took the following actions:

***Approved payment of bills totaling \$4,483.75.

***Approved an up-dated list of reserve police officers.

***Discontinued garbage service to three residents.

WARD MEMBERS SWORN IN... The newly appointed members of the Coffee County Board of Registrars was recently sworn-in by Probate Judge William O. Gammill. In swearing in the group, Gammill commented, "We have the best registrars in the whole state and our voters' roles are in better shape than most others in the state." Pictured above are (l-r): Judge Gammill, Mary Jon Streckenberger, Charlotte Weeks, and Gil Kelley. The members were appointed to their position by the Alabama State Board of Appointments on September 2 and their terms run from October 1, 1995 until September 1999.

TWENTY-SEVEN CRIMINAL CASES WERE SET FOR TRIAL

Waldon found not guilty on all counts

by Marvin McLain - Editor

There were 27 cases set for trial beginning Monday, November 6; however several of the cases were either continued or otherwise disposed of.

Waldon was charged with two offenses of sodomy in the first degree and two offenses of sodomy in the second degree.

Testimony began Monday afternoon, and lasted until shortly after noon on Tuesday.

The case was presented to the jury at approximately 2:00 p.m. After about 2 hours of deliberation, they returned a verdict of not guilty in each of the offenses.

Waldon faces additional charges in a related case and a decision will be made by the state, at a later date, whether or not he will be tried on those charges.

In the second case set for trial, State of Alabama vs. David Luffin, a plea bargain agreement was reached between the defendant and the state Tuesday morning.

A jury had already been impaneled and ready to begin hearing the case when the agreement was reached.

Pinner, age 41, of Samson, AL, changed his plea of not guilty to guilty and waived his right to a trial.

The disposition of the other cases set for trial will be published when that information is made available.

by jury. In April of 1995, he had been indicted on the charge of robbery in the first degree in connection with the strong-armed robbery of Woods Grocery in the Ito Community. The incident occurred on Saturday, January 21, 1995.

Pinner, along with two other individuals, Jennifer Lynn Gibson, 16, and Gregory Allen Reine, 17, both of Sanford, FL, entered the Woods Grocery, robbed Casey Woods, striking him several times with a coke bottle in the process.

The day was later (on the same day as the robbery) caught, charged and jailed.

Circuit Judge Gary McAliley sentenced Pinner to 20 years in the state penitentiary, ordered to pay court cost, make restitution in the amount of \$222.30 and pay \$50 to the Crime Victims Compensation Fund.

The plea bargain agreement was reached with the concurrence of the victim, Casey Woods.

At press time, the third case set for trial, State of Alabama vs. Michelle Daugherty, had not begun. Daugherty is charged with theft in the second degree.

The disposition of the other cases set for trial will be published when that information is made available.

Pinner, age 41, of Samson, AL, changed his plea of not guilty to guilty and waived his right to a trial.

The disposition of the other cases set for trial will be published when that information is made available.

Veterans Day Activities

by Ferrin Cox, Publisher

A special Veterans Day ceremony commemorating the 50th anniversary of the end of World War II is scheduled for Saturday, November 11, at 11:00 a.m.

The event will take place at Veterans Memorial Park located on U.S. Highway 84E in Elba, and is being sponsored by the Ft. Rucker-Wiregrass Chapter of the Association of the U. S. Army (AUSA) in conjunction with The National Security Group.

Organizers are encouraging WW II veterans to participate in the ceremony by entering in groups by branch of service or National Guard Unit.

Veterans should plan to arrive at the park by 10:30 a.m. Anyone wishing to obtain additional information should call (334) 897-2273, ext. 204. Also, in honor of the 50th anniversary of the end of WW II, the John Coffee Chapter of Daughters of American Revolution are joining other organizations in honoring and thanking WW II veterans for their service to our country.

It is important to assure those Americans who gave so much that a grateful nation remembers and honors their sacrifices and accomplishments throughout the world fifty years ago.

At 11:00 a.m., Saturday, November 11, national and international participants will begin ringing the Bells of Peace across the globe, striking the bell 50 times to signify 50 years without a World War and the world's hope to achieve another 50 years of peace.

Everyone with a bell is being asked to participate in this event.

Five questions were posed to Gainsworth:

1) Is there an on going plan development for such a merger?

2) If so, what is the timetable for its development and implementation?

3) Will the local community, at some point in the process, be able to have input in the plan development?

4) Is there a timetable to begin a president search?

5) If so, when can we expect the search to begin?

On October 25th Gainsworth responded. He acknowledged that the federal courts had indeed entered an order which ended that portion of the lawsuit which was holding up the appointment of a president at ESJC and several other institutions.

Gainsworth said that filling the vacancy was solely in the discretion of the Alabama State Board of Education. He also explained that by statute (law) the Board has the authority to examine the status of the institutions under its authority and determine if changes are warranted. His letter acknowledged he frequently conferred with individual board members when a presidential vacancy occurs.

There is no timetable for filling the vacancy at ESJC, Trenchlin State, Ayers State or Ingram State Colleges, according to Gainsworth.

Moore wrote back on October 30 encouraging Gainsworth and the state board to "seriously consider al-

lowing the process (naming a president at ESJC) to move forward."

He noted there were several questions not addressed in Gainsworth's response of October 25th. Moore specifically pointed out the continuing rumor of the merger between the three institutions of higher learning.

On October 19th Moore wrote Dr. Fred Gainsworth, chancellor of the Department of Post Secondary Education in Montgomery.

Moore wrote of the concerns regarding the rumored merging of ESJC with McArthur State, in Opp, and Lurleen Wallace Junior College (LBW) in Andalusia. He also noted in his letter that the state board now has been given the authority to begin the search for a permanent president at ESJC.

BRAINSTORMS

With Ferrin Cox

Israel's Prime Minister Yitzhak Rabin was killed last week while attending a peace rally. That is so ironic ... here is a man who for sure knew the ravages and horrors of war, causing him to vigorously promote peace, yet it was violence which ended his life. The reason ... his accused killer was opposed to peace. That is hard to understand, but this is not the first time the world has witnessed such response to great ideas. Our Jewish friends, here and around the world, have our heartfelt sympathy over what is surely a terrible time for them. Mr. Rabin was the first Prime Minister who was actually a native born Israeli. He obviously believed peace was best for all of us. Our friends need God's blessings, now more than ever before. It is our belief that rather than stopping the peace movement in Israel and the world, this act will motivate many millions to take up where Mr. Rabin was so abruptly stopped.

We read recently that credit card debt continues to climb. Americans right now owe \$387 billion in credit card debt. Reportedly over 70% of the credit card holders carry over sizeable balances from month to month. It is shocking to read that the average balance on these carryovers is over \$3,900 a month! When you remember that these accounts are usually above 15% and often up to 21%, the only question is when will the collapse come and just how many of us will be hurt.

There is a bumper sticker around town that tells it like it is, or should be: "Senator, balance the budget ... It's your job."

The Million Man March held recently in Washington D.C. had at least one positive result. Chicago, Illinois has been well known for the large number of building fires set on Halloween night (182 last year). Mayor Dennis Archer came back from Washington and publicly encouraged his fellow black citizens to leave on the porch lights, form community patrols, etc. and stop the burning. They listened and on Halloween 1995, there were only 61 fires in Chicago, even fewer than on a regular night!

Will retired General Colin Powell run for president? He ain't saying yet, but is still building his organization. Personally, we believe he would like to be president. There is undoubtedly also an urge to be the first black president. But getting past those thoughts, he must be wondering if the presidency is worth the hassle. Right now he is a national hero but the minute he begins to challenge the politicians on their own turf, all shots will be at him and his reputation.

Shander Daniels, senior defensive back for the Elba Tiger football team, received a terrible injury in Friday night's football game against Hillcrest. It is one of those things coaches and parents pray will never happen to "our boys," but this time it did. Daniels underwent back surgery early Saturday morning in Dothan, but at press time doctors just didn't know ... well folks they just don't know if he will ever walk again. The surgery went well, but the extent of the damage will be unknown until swelling around the spinal chord has diminished. Hopefully by the time you are reading this, some better news will be released. Right now the only thing any of us can do is continue to pray for his recovery. We know many church congregations did as ours did Sunday and added his name to their prayer list, but it never hurts to have one more person sending up a prayer with Shander's name on it.

Veterans Day is this Saturday, November 11th. For several years now the folks at National Security have been honoring veterans with special ceremonies at the beautiful veterans memorial they have constructed near their offices. The park and the annual activities continue to draw a growing circle of respect from an ever enlarging number of people. This year they are commemorating the 50 years since WW II. The public is urged to attend. See you there!

Also, on a much smaller scale, Elba Elementary School officials will be teaching students what Veterans Day is about. On Thursday (today) they will have flag pole ceremonies at 8 a.m. and 10:30 a.m. Veterans and other interested citizens are invited to either of these.

ELBA POLICE REPORT

OCTOBER 31 Thru NOVEMBER 6, 1995

The Elba Police Department, beginning Tuesday, October 31, 1995, investigated the following incidents: three burglaries, five thefts of property, two criminal mischiefs, one property recovery, one harassment, one damage to a vehicle, and one theft by deception.

Arrests made during the week were as follows: one for criminal mischief, one for disorderly conduct, one for public intoxication, and one for violation of the Alabama Control Substance Act.

Traffic citations were issued: two for speeding, one for an expired tag, and one for illegally parking in a handicapped parking zone.

Daily activity highlights were as follows:
TUESDAY, OCTOBER 31 - Alarm on the square (3:40 a.m.); River stage - 5.62 feet (6:20 a.m.); Wreck reported on U.S. Hwy. 84W (6:50 a.m.); Burglary reported at the airport (National Security's hanger) (9:21 a.m.); Alarm at a residence on the Taylor Mill Road (1:48 p.m.); Rescue run to a residence on Co. Rd. 408 (3:05 p.m.); Rescue run from Elba General Hospital to Dothan (4:53 p.m.); Disturbance reported in front of The Peoples Bank (6:47 p.m.); Alarm at Nasco Equip. Co. (9:57 p.m.).

WEDNESDAY, NOVEMBER 1 - Alarm at Nasco Equip. Co. (12:38 a.m.); River stage - 5.23 feet (6:20 a.m.); Rescue run to a residence in the Jack Community (7:12 a.m.); Rescue run to Beaver Dam Apts. (6:50 p.m.); Alarm at a residence on Cherokee Lane (9:09 p.m.); Disturbance in the Mulberry Community (9:57 p.m.).

THURSDAY, NOVEMBER 2 - River stage - 5.28 feet (7:20 a.m.); Prowl reported on Champ McCollough Dr. (8:42 p.m.); Routine activity.

FRIDAY, NOVEMBER 3 - River stage - 6.45 feet (6:08 a.m.); Wreck reported at the intersection of Sim-

SATURDAY, NOVEMBER 4 - River stage - 8.45 feet (6:15 a.m.); Rescue run to a residence on AL Hwy. 84W (11:23 p.m.); Routine activity.

SUNDAY, NOVEMBER 5 - Disturbance (domestic) reported on AL Hwy. 189N (3:21 a.m.); River stage - 7.66 feet (6:18 a.m.); Alarm at Elba High School (2:13 p.m.); Prowler reported on Martin Luther King Dr. (8:39 p.m.).

MONDAY, NOVEMBER 6 - River stage - 6.99 feet (6:12 a.m.); Wreck reported on Hickman Ave. (6:41 a.m.); Rescue run to a wreck on U.S. Hwy. 84W (6:48 a.m.); Vehicle fire AL Hwy. 203 (11:12 a.m.).

Arrests made during the week were as follows: one for criminal mischief, one for disorderly conduct, one for public intoxication, and one for violation of the Alabama Control Substance Act.

SMALL BUSINESS DEVELOPMENT FUNDS...The People's Bank of Elba and the City of Elba recently pledged financial support for the Southeast Alabama Regional Planning and Development Commission's Revolving Loan Fund Program. These and other regional local funds will assist in providing the local matching funds to acquire a \$750,000 Economic Development Administration grant to assist small businesses with economic development projects that create new jobs for Southeast Alabama and Coffee County. For their participation, the bank, as well as the city, was presented a plaque recognizing their support as a Revolving Loan Fund Partner by the commission. Pictured above (1 to 4) are: Thomas B. Solomon, SEARPD; Jeff Clark and Doris Matthews, People's Bank; and Fred Dykes, Jr., SEARPD.

Miss Hamilton & Mr. Wise announce December wedding plans

Miss Hamilton & Mr. Wise

Mr. and Mrs. Fred Hamilton of New Brockton announce the engagement and forthcoming marriage of their daughter, Ashley Carol, to James Joseph Wise, III, son of Mrs. Shirley Wise and the late Mr. James Joseph Wise Jr.

The bride-elect is the granddaughter of Mrs. Frances Waddell and the late Mr. Virgil Waddell and Mrs. Margaret Hamilton and the late Mr. John Hamilton of Enterprise. The groom is the grandson of Mr. Mary Alice Wise and the late Mr. James Joseph Wise, Sr. of Elba and Mr. and Mrs. J.R. Nolin and the late Mr. Austin Lacey of Red Level.

Ashley is a 1989 graduate of New Brockton High School. She graduated Magna Cum Laude from Troy State University with a degree in English and Biology Education in 1992. She received her Master's Degree from Troy State in 1994 and was a member of the Phi Mu Social Sorority. She is employed by the Elba City School System.

James is a 1986 graduate of Elba High School. He received a Bachelor of Science Degree in Business from Troy State University in 1991. He is employed as a production supervisor by Wayne Farms.

The wedding will take place on December 16 at 6:00 p.m. at the First United Methodist Church in Elba. The couple hopes that their family and friends will join them on December 16.

Final arrangements for the wedding of Sheila Gayle Nelson to Jason Lee Johnson are being made.

The ceremony will be held Saturday, November 11, 1995, at six o'clock in the evening, at Woodland Grove Baptist Church.

The church is located at Route one, New Brockton.

All friends and relatives are invited to attend.

SUMMER REBECCA PUGH

Deborah Pugh of Elba and David Pugh of Troy announce the birth of their daughter, Summer Rebecca Pugh on November 1, 1995 at Medical Center Enterprise. Baby Pugh weighed 7lbs. 1oz.

She has three brothers, Joseph, age 11, and Stephen, age 2, both of Troy, and James, age 6, of Jacksonville, FL.

Proud grandparents are James A. Simmons of Elba and Bertha Meeks of Troy. Great grandparents are Mr. and Mrs. Allen Simmons of Elba, and her great great grandmother is Jeanne Simmons of Enterprise.

Driggers-Hudson wedding to be held December 2

Miss Driggers & Mr. Hudson

Mr. and Mrs. Harry J. Driggers of Brantley announce the engagement of their daughter, Rena Lee Driggers, to Troy Mitchell Hudson, son of Mr. and Mrs. Jerry L. Hudson of Brantley.

She is a 1993 graduate of Brantley High School. She is currently attending Troy State University where she is pursuing a degree in Human Resource Management.

The bride-to-be is the granddaughter of the late Mr. and Mrs. Maurice Stricklin of Brantley, and the late Mr. and Mrs. Johnny Driggers of Elba. The bridegroom-to-be is the grandson of Mr. Ina Mae Mitchell and the late Mr. Gas Mitchell, and of Mr. Jack Hudson and the late Mrs. Ruby Hudson, all of Brantley.

He is a 1990 graduate of Brantley High School. He earned a bachelor's degree in civil engineering from Auburn University in 1995, where he was a member of Chi Epsilon Honor Society. He is employed with the Alabama Department of Transportation.

The wedding is planned for Saturday, December 2, at 2:00 p.m. at the Spring Hill Baptist Church. All friends and relatives are invited. No local invitations are being sent.

Willie Flowers
Willie Flowers is a lifelong member of the Mulberry Heights Community and Shady Grove AME Church. Flowers, a dedicated community activist and public servant, graduated from Elba High School in 1990. In 1994, he graduated from Troy State University with a B.S. in English and Political Science.

Flowers' community accomplishments include being the founding editor of the *Agendum Newspaper* which was circulated within the Mulberry Heights Community in 1991. In November of the same year, he was instrumental in organizing the Martin Luther King, Jr. Boulevard Project. The project's purpose was to have a street named after the late civil rights leader Dr. Martin Luther King, Jr. in January of 1992 the project proved to be successful when the Elba City Council voted to change the name of Taylor Mill Road to Martin Luther King Boulevard. This vote by the council made Elba the first city in Coffee County, AL, to have a street named after King.

While at Troy State University, Flowers was active with the Student Government Association and was elected to three terms as an SGA member. His high for minority representation and racial solidarity at all levels of collegiate life at Troy State made him a recipient of the Eastern Star. He attended elementary and high school in Elba and graduated in May 1979. He attended Alabama State University in Montgomery, AL, and Troy State University in Dothan, AL, majoring in Early Childhood Education.

Flowers is the wife of Wiley Brooks of Enterprise. They have two children, Wiley Dee'Nard and Ree'Nita Na'Tessa.

Parents of the couple are Mr. and Mrs. Steve Brooks and Mr. and Mrs. Rick Parker, all of Opp. The bride is the granddaughter of L.J. Brooks and the late Louise E. Brooks of Opp; and Minnie L. Danford and the late Charlie Danford of Opp. The groom is the grandson of Catherine Parker and the late Donnie Parker of Elba; and Jane Russell of Montgomery and the late Joe Russell of Elba.

She is an employee at the Enterprise Head Start (OCAP). Juanita said, "I prayed and asked the Lord to lead and guide me as I began my career. I had to study hard, but the work has been rewarding. I know this achievement is a blessing and I give God the honor and praise."

Church Anniversary
The Rocky Head MB Church family of Elba, AL, Rev. A.R. Williams, pastor, will celebrate the church's 108th Anniversary on November 12, 1995 at 2:30 p.m.

Guest speaker will be Rev. A.C. Darby of Luverne, AL, pastor of Friendship Baptist Church, Bolling, AL.

Willie Flowers
Willie Flowers is a lifelong member of the Mulberry Heights Community and Shady Grove AME Church. Flowers, a dedicated community activist and public servant, graduated from Elba High School in 1990. In 1994, he graduated from Troy State University with a B.S. in English and Political Science.

Flowers' community accomplishments include being the founding editor of the *Agendum Newspaper* which was circulated within the Mulberry Heights Community in 1991. In November of the same year, he was instrumental in organizing the Martin Luther King, Jr. Boulevard Project. The project's purpose was to have a street named after the late civil rights leader Dr. Martin Luther King, Jr. in January of 1992 the project proved to be successful when the Elba City Council voted to change the name of Taylor Mill Road to Martin Luther King Boulevard. This vote by the council made Elba the first city in Coffee County, AL, to have a street named after King.

While at Troy State University, Flowers was active with the Student Government Association and was elected to three terms as an SGA member. His high for minority representation and racial solidarity at all levels of collegiate life at Troy State made him a recipient of the Eastern Star. He attended elementary and high school in Elba and graduated in May 1979. He attended Alabama State University in Montgomery, AL, and Troy State University in Dothan, AL, majoring in Early Childhood Education.

Flowers is the wife of Wiley Brooks of Enterprise. They have two children, Wiley Dee'Nard and Ree'Nita Na'Tessa.

Parents of the couple are Mr. and Mrs. Steve Brooks and Mr. and Mrs. Rick Parker, all of Opp. The bride is the granddaughter of L.J. Brooks and the late Louise E. Brooks of Opp; and Minnie L. Danford and the late Charlie Danford of Opp. The groom is the grandson of Catherine Parker and the late Donnie Parker of Elba; and Jane Russell of Montgomery and the late Joe Russell of Elba.

Ginny Short served as matron of honor, Jackie Ashberry served as maid of honor. Bridesmaids were Cindy Moody, Kelli Parker, and many other things for an enjoyable day.

Proceeds from this event will go back into the community in forms of scholarships, Red Cross, Boy Scouts, Girl Scouts, ACS, Chapel, and many more.

Following the ceremony, a reception was held in the fellowship hall of the church. After the wedding, the couple left for a trip to Disney World. They are now residing in Panama City, Florida where Scott is employed with Jenkins Brick Company and Stephanie is a teacher at Rutherford High School.

The president, Addie New, conducted a business meeting. Several items were on the agenda. The club members were happy to add two new members to their membership: Betty Ham and Sybil Hahn.

spring of 1994. Flowers moved to Washington, DC where he has worked as a correspondent for the *Capital Spotlight Newspaper* and editor of *The Future* newsletter, which is a quarterly publication for the Multi-Cultural Youth Education Inc. He serves as block coordinator in his community and is active in a campaign for the improvement of inner city grocery stores. He volunteers with many other social and political organizations such as the NAACP, the Rainbow Coalition and Rev. Jesse Jackson's Reclaim Our Youth Initiative. In October, he served as the unofficial representative for Mulberry Heights USA at the historic "Million Man March" on Washington.

Under the pen name "WC Flowers", he is also a writer of poetry, essays, short stories, and a free-lance columnist. He reinforces positive images of the African-American community and the South as a motivational speaker. Presently, he is an Associate Editor for Columbia Books, Inc., a book publishing company in Washington, DC. He is considering being a candidate for the District of Columbia's Advisory Neighborhood Commission in 1996.

Willie Flowers is the son of Louise Jackson-Harris and Willie C. Flowers, grandson of Catherine and the late Bud Waters, as well as Nathaniel and Nancy Flowers. He recently celebrated his 5th year high school anniversary at Elba's homecoming. He is single.

Friday - Toast & Eggs or Cereal, Juice, Milk.	Friday - Vegetable Beef Soup, Grilled Cheese Sandwich, Crackers, Orange, Milk.

TIGER TALK... by Melissa Hall

Have you ever wondered who that person is who's always out directing traffic before and after school? The guy who wears the reflective vest and is always smiling? Well, we give all the credit to Rory Vignola for this particular job. We decided to find out a few details on just this!

Rory Talk: Do you enjoy it?
Rory: Yes, but it gets boring sometimes.

Rory Talk: Was it hard learning how?
Rory: "No, I kind of caught on the first day and it got easier from then on."

Rory Talk: How did you become involved with the police department directing traffic?
Rory: "The chief of police talked to Mr. Stokes about it. Then, he called my mom and me to ask if I wanted to do this and I said yes."

Rory Talk: Do you enjoy it?
Rory: Yes, but it gets boring sometimes.

Rory Talk: Was it hard learning how?
Rory: "No, I kind of caught on the first day and it got easier from then on."

Coffee County Schools Menu November 13 - 17, 1995

BREAKFAST	LUNCH
Monday - Breakfast Pizza, Cereal, Juice, Milk.	Monday - Chili or Cornedog, Baked Potato Half, Mixed Vegetables, Crackers, Cookie, Fruit, Milk.
Tuesday - Biscuits, Sausage, Syrup, Jelly, Cereal, Milk.	Tuesday - Taco Salad w/ Spaghetti w/ Meat Sauce, Corn, Salad, Fruit Turnover, Garlic Bread, Fruit, Milk.
Wednesday - Oatmeal, Buttered Toast, Jelly, Cereal, Juice, Milk.	Wednesday - Steak or Chicken Sandwich, French Fries, Green Vegetable, Cheese Stick, Fruit, Milk.
Thursday - Blueberry Muffin, Cereal, Juice, Milk.	Thursday - Pizza or Hoagie, Whole Potatoes w/ White Sauce, Carrot & Celery Sticks w/ Dip, Fruit, Milk.
Friday - Pancakes, Sausage, Syrup, Cereal, Juice, Milk.	Friday - Fried Chicken or Hotdog, Creamed Potatoes, Cream Cup, Green Vegetable, Rolls, Fruit, Milk.

Fall Festival Trick or Treat

by Hanna Whitt

Casper, Power Rangers, witches and princesses were all present at the Fall Festival sponsored by the schools at Zion Chapel. A haunted dance, hayride, face painting, cake walks, and bingo were just some of the activities sponsored by classes and clubs at the October 26 fair of fun. The other activities included a basketball game, candle shoot-out, sweet

shoppe, ping pong toss, jail and ball, sucker tree, candy sales, fruit sales, fish pond, duck pond, darts, bean bag toss, milk bottle throw, and pan for gold.

The Harvest King and Queen were crowned at 8:00 p.m. on the night of the festival. Hobbes Huesey was crowned king and Ashley Smith was crowned queen.

Hobbs is in kindergarten. Ms. Brook is his teacher. Ashley is a fourth grader in Ms. Suley's class. To become Harvest King and Queen, a student must raise the most money of all the candidates who are participating. The money raised from the Harvest King and Queen and activities held at Fall Festival helps to purchase instructional supplies for all classrooms and clubs.

The ghosts, goblins, and rangers ended the fun filled night with the closing of this year's haunted dance and the crowning of the 1995-96 Harvest King and Queen.

Views from THE PRESSBOX

By Ricky Mularz Sports Editor

It did my heart good last week to watch the Elba homecoming queen and her court come across the football field with their Dads at their sides. Most girls are "Daddy's girls" when they are growing up, but as they get older, the girls turn toward Mom for advice on those certain subjects that only Mom's can help with. Dad's get left out of a lot of things as their daughters get older, but never forget the "good old days" and wish their girls didn't have to grow up so fast. Friday night, there were five very proud Dads that escorted their daughters across the field, and I, as the father of two girls, could see that special sense of pride in each of the proud fathers. It was a proud moment for all Dads, everywhere!

ELBA TIGERS CONTINUE TO DOMINATE 5A OPPONENTS

The Elba Tigers claimed the Class 3A, Area 4 championship two weeks ago with its big win over Laverne, and Friday night laid claim to the Class 5A, Area 4 title when they defeated Area 4 champ Hillcrest 25-12, to close out the season with a 4-0 record against 5A, Area 4 teams. Elba claimed wins over Charles Henderson, Opp, Andalusia and Hillcrest to post a 4-0 record against 5A opponents, and once again can claim to be as

good as any 5A team around. The Tigers may have slid down in class over the years, but their level of play hasn't missed a beat.

ELBA CLOSES REGULAR SEASON WITH 7TH STRAIGHT WIN

The Elba Tigers closed out the regular season with a bang Friday night as they posted their seventh straight win with an impressive 25-12 victory over 5A Hillcrest, of Evergreen. The Jaguars came to town with the Class 5A, Area 4 crown already wrapped up, and was looking to defeat the Tigers for the first time ever. What happened; however, was simply a repeat of past seasons, as the Tigers dominated their 5A opponents and rolled to the win.

The Elba offense didn't have to travel far for its first two scores of the night, as a pair of Hillcrest turnovers resulted in two 20-yard drives that put the Tigers on top 13-0 early in the first quarter. Elba stumbled on its next three possessions and managed only one first down, but then came back to life after Hillcrest had cut the lead to 13-12, and drove 41 yards to the Jaguar 10-yardline before scoring a fumble. The Tigers put the ball in the air 12 times in the first half against the big, and very physical Hillcrest defense, but in the second half attempted only one pass, as the offense simply heightened its chintreps and ran straight at Hillcrest's strength. The offense rolled up 128 yards in 31 plays in the second half, and controlled the clock, as the Tigers' time of possession in the second half was 16:24, compared to only 7:36 for Hillcrest. The dominance was never more evident than in the fourth quarter, when Elba kept the ball for 9:08 and allowed Hillcrest to have the ball for only 2:52, and limited the Jaguar offense to only six offensive plays.

Elba's offense had been successful throughout the season, but until Fri-

day night had not simply lined up and whipped an opponent at the line of scrimmage. To accomplish that feat against such a powerful team as Hillcrest was all the more impressive, and showed everyone in attendance just how far the offensive line had come over the course of the season. The play of the line, combined with the hard-nosed running of the Tiger offensive backs, was simply too much for the Hillcrest defense to stop, and paved the way for the impressive victory.

While the Elba offense was dominating the physical Hillcrest defense, the Elba defense was also in charge for most of the night as the Tigers limited the Jaguars to only 94 total yards of offense. The defense caused two fumbles on Hillcrest's first four snaps from center, and also came up with three interceptions. The defensive dominance allowed the offense to have scoring drives of 20, 20, 15 and 41 yards, and in the second half held Hillcrest to only 13 yards of offense in 14 plays. Elba's defense has had problems in years past stopping teams that simply lined up and ran straight at it, but Friday night the Tigers bowed up and won the war in the trenches.

There comes a time in almost every game when a team must line up and take charge up front, and Friday's performance against Hillcrest showed that the Tigers are now such a team. Elba has come a long way since its early season loss to Georgiana, and Tiger fans are hoping that the best is yet to come!

TWO AREA TEAMS MAKE POST-SEASON PARTY

The high school football playoffs begin this week with two of the four area teams taking part. New Brockton and Brantley both made the show, while Zion Chapel and Kinston saw their seasons end Friday night.

***NEW BROCKTON (5-5)** hosted T.W. Martin and gave the visiting Warriors a dose of South Alabama football as the Gamecocks posted a big 34-19 upset win. The Gamecocks fell behind 13-0 in the first quarter, but showed how far they have come in recent weeks by battling back and pulling out the win. New Brockton was given up for dead at mid-season after four straight losses, but regrouped, and head into the playoffs with a three-game winning streak. No matter what happens in the playoffs, this bunch of Gamecocks and their coaches deserve a great deal of praise for overcoming adversity and developing into a winning team.

***BRANTLEY (6-4)** lost for the second straight week as Georgiana sparked the Bulldogs 25-9 and left Brantley with a 6-4 record for the regular season. The Bulldogs had numerous chances to take command of the game in the first half, but scored only three points after repeated drives deep into Georgiana territory, and then watched as the Panthers took advantage of Bulldog mistakes to blow the game open. Brantley could easily be 10-0 right now instead of 6-4, but that is the difference in being a state contender and just another playoff participant. The Bulldogs can still make a run for the 2A title, but only if they can eliminate mistakes and play with the kind of confidence they have in years past.

***KINSTON (2-8)** had nothing to play for except pride last week, but showed everyone in attendance that the pride is there, as the Bulldogs pounded Lyman Ward 48-6 to end the season with a 2-8 record. Kinston was expecting many more wins during the '95 campaign, but lost some key players to injuries early in the year and then seemed to lack the confidence it needed to come out on top in games against opponents of equal talent. Kinston has the foundation to develop a winning football team, and should be ready to take that next step pretty soon.

***ZION CHAPEL (4-6)** had nothing to lose in its finale against McKenzie, but failed to put any points on the scoreboard as the Rebels lost 14-0 and closed out another disappointing season. This was the year the Rebels were supposed to start paying folks back for past losses, but Zion Chapel just never seemed to get everything in gear at the same time, and the result was simply another losing season. Zion Chapel does have a lot of quality players coming back and should be a team to watch next season, but winning teams are built during the off-season, and not during the fall, and the Rebels must take that next step now to insure that next season won't be another year in which players and fans look around and wonder what happened.

***HILLCREST (10-0)** received the opening kickoff, but fumbled a handoff on the first play from scrimmage, and the Tigers back in business at the Hillcrest 20-yardline, and this time it took Elba three plays to cover the distance to the endzone.

A 13-yard pass from Troy Bryan to Griffin Shirley was a key play in the short scoring drive, while Bryan got the touchdown on a two-yard sneak. The extra-point try was blocked, but with 5:58 left in the opening quarter Elba appeared to be in command with a 13-0 advantage.

The Tigers came up with their third turnover of the first quarter when Chris Tyson intercepted a Hillcrest pass at the Jaguar 34-yardline; however, this time the Tigers repaid the gift, as on third down the football slipped out of the hand of Troy Bryan on a pass attempt, and Hillcrest's Willie Campbell picked the ball out of mid-air and raced untouched 58 yards for a Hillcrest touchdown.

The next three possessions ended in punts, and with 9:06 left in the second quarter, Hillcrest began a 57-yard march that would result in a Jaguar touchdown.

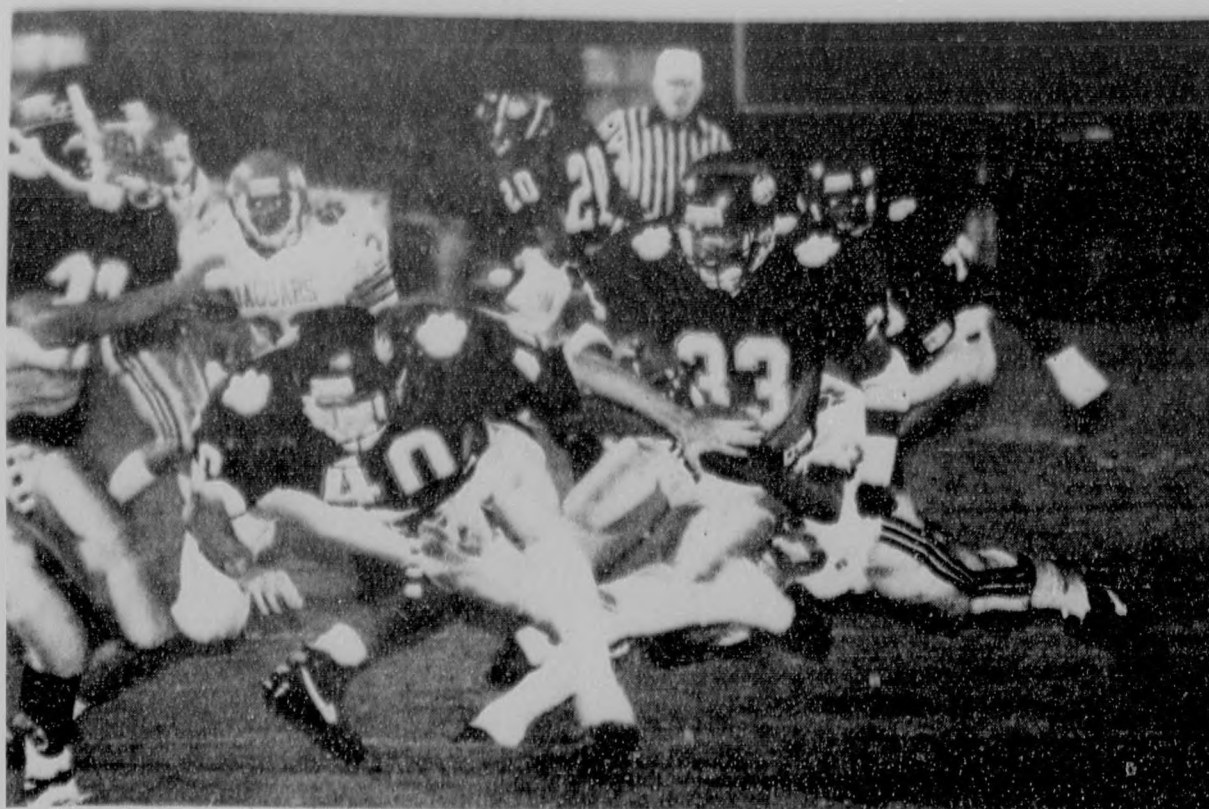

Ruger Rudolph hit one pass for nine yards and gained 23 yards on three carries to spark the scoring drive, and it was Rudolph that got the touchdown on a 1-yard plunge. The two-point try again failed, but with 2:35 left in the half Elba's lead had been chopped to 13-12.

A roughing the kicker penalty against the Jaguars gave the Tiger offense a scoring opportunity late in the half, and Elba marched to a first down at the Hillcrest 10-yardline behind the running and passing of Troy Bryan. The Tigers failed to take advantage of the scoring chance; however, as a fumble turned the ball over to the Jaguars, and kept the slim Elba lead at 13-12.

It was a determined bunch of Elba Tigers that returned to the field for the second half, and the Tigers took the second half kickoff and marched 44 yards in seven plays to reach a first down at the Hillcrest 14-yardline.

Chris Tyson gained 30 yards on five carries during the march, but the Tigers were again turned away empty-handed, as on fourth down and four, Bobby Burks was stopped two yards short of the chains.

A pass interception and 30-yard return by Elba's Griffin Shirley put

Elba fullback D'Undray Peterson (33) follows the block of teammate Griffin Shirley (40) in action Friday night against Hillcrest. The Tigers will open the Class 3A state playoffs Friday night when they host the UMS-Wright Bulldogs, at Tiger Stadium.

Elba ups record to 8-2 with 25-12 win over Hillcrest

By Ricky Mularz, Sports Editor

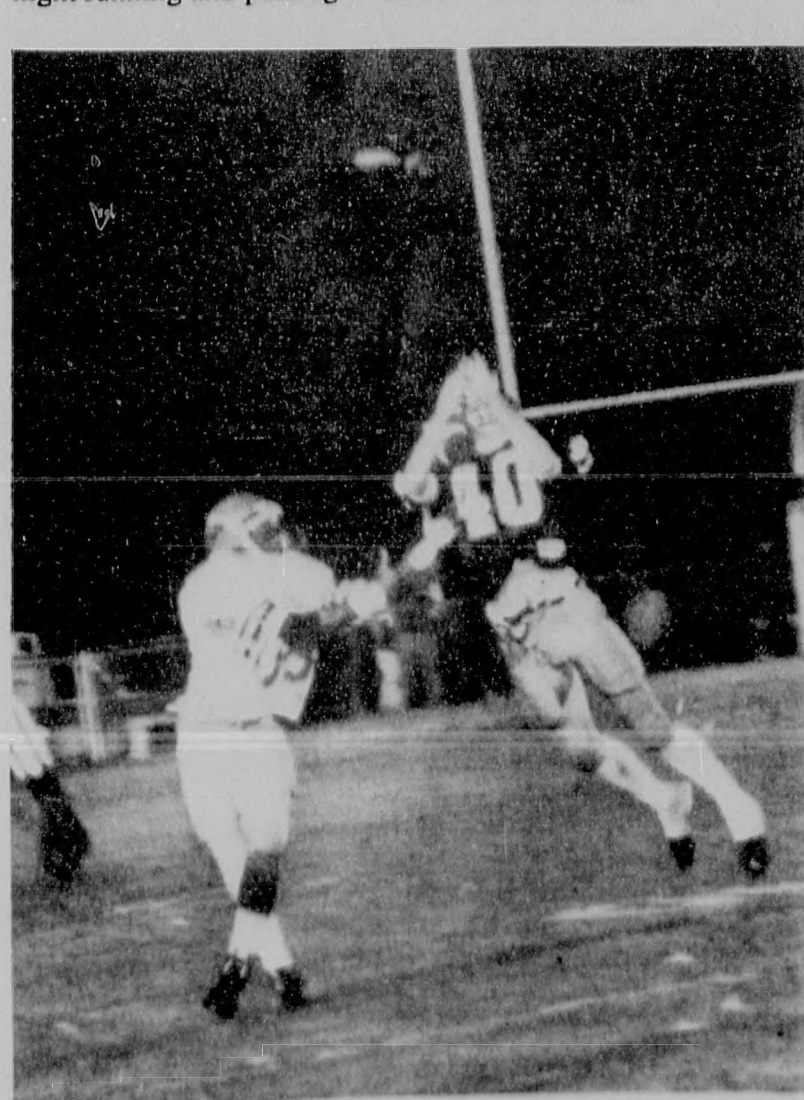

The Elba Tigers refused to let a soggy field and a chilling wind dampen their homecoming celebration Friday night as the Tigers took charge in the second half to dump the Hillcrest Jaguars 25-12, in Elba.

The win, the seventh straight for the Tigers, improved Elba's record to 8-2, while Hillcrest, the Class 5A, Area 3 champion, saw its record slip to 5-5 with the loss.

Hillcrest received the opening kickoff, but fumbled a handoff on the first play from scrimmage, and

Elba quarterback Troy Bryan (12) heads upfield for a big gain in the Tigers' 25-12 win over Hillcrest. Bryan had a big night running and passing to lead the Elba offense.

Elba's Griffin Shirley (40) goes high to pull in a pass during the Tigers' 25-12 win over Hillcrest. Shirley made two catches in the Tigers' win over the 5A Jaguars.

the Tiger offense right back at the Hillcrest 15-yardline, and on the next play Chris Tyson took a pitch-out and raced 15 yards for a touchdown. A lead snap fooled the extra-point try, leaving the Elba lead at 19-12, with 3:42 left in the third quarter.

Elba's Alex Daniels broke through to partially block a punt on Hillcrest's next series, and the Tiger offense returned to the field at the Jaguar 41-yardline.

The offense was now confident that it could overpower the Jaguar defensive unit, and did just that, as the Tigers drove 41 yards in eight running plays to get back in the endzone!

Chris Tyson was the workhorse of the drive with 36 yards on five carries, and it was the talented senior tailback that got the score on a

one-yard drive. A two-point try failed, but Elba was back in command with a 25-12 lead with 9:52 left in the game.

The Elba defense, which allowed only 13 yards in total offense in the second half, knocked the Jaguars back on the ensuing possession, and the Tiger offense then ran almost six minutes off the clock on a nine play drive that ended at the Hillcrest 36-yardline.

Elba's Marcus Tillis intercepted a Hillcrest pass to put an end to any Jaguar comeback hopes, and the Tigers easily held on to post the impressive 25-12 win.

Chris Tyson gained 118 yards on 23 carries and scored three touchdowns to lead the Elba offense, while Troy Bryan gained 37 yards on 7 carries and completed five of 13 passes for 47 yards.

Rudy Free made 16 solo tackles and had 2 assists to lead the Elba defense, while Eddie Cowen had 7 tackles and one assist, and Todd McKee made 5 solo stops and had 2 assists. Chris Tyson recovered a fumble and intercepted a pass, while Nycoma Coleman also had a fumble recovery, and Marcus Tillis and Griffin Shirley both had pass interceptions.

SPORTS

Elba hosts UMS-Wright Friday night at 7:00

Tigers set for playoff opener

The Elba Tigers will be looking to continue a long winning streak and take the first step toward their third state championship in seven years Friday night when they host the UMS-Wright Bulldogs, in the opening round of the Class 3A football playoffs.

Kickoff for the game will be at 7:00, at Elba's Tiger Stadium.

Elba, which lost only to (9-1) Georgiana and (9-0) T.R. Miller, will bring an offense that scored an average of over 26 points per game, and a defense that allowed only 13 points per game, into the clash with the Bulldogs.

The offense is led by the running of tailback Chris Tyson and

fullback D'Undray Peterson, and the running and passing of quarterback Troy Bryan.

Tyson, a senior, has rushed for almost 1,000 yards this season and has closed the year with a rash of 100 yard performances, while Peterson packs a punch from his fullback position, and has gained close to 500 yards butting heads against opposing defensive lines.

Bryan has caused headaches for opposing defenses all season long both running and passing, and gives the Tigers an added dimension with his ability to run the football in key situations.

The Elba defense, which allowed a total of only 32 points in its final five games, is led by linebacker Rudy Free, a 6-4, 220-pound, senior, but gets plenty of help from linebackers D'Undray Peterson and Todd Hooks, as well as linemen Todd McKee, Brian Rowe and Eddie Cowen.

"Our offense has improved during the season," stated Elba's Coach David Lowery, "and a lot of credit goes to the offensive line. The line returned only one starter from a year ago, but the players have gained valuable experience during the season and in recent games has really come into its own."

Chris Tyson and D'Undray Peterson have complimented each other and have both had good seasons, as had quarterback Troy Bryan, who is adept both running and passing. The key to the offense has been its ability to move both on the ground and in the air, and we will have to continue to be balanced if we hope to advance in the playoffs."

"We had some problems early in the season over on defense," added Lowery, "but once we got the right players in the right places the defense began to improve weekly. We are still not as strong in places as we'd like to be, but we are getting better, and hope to play well in all areas in the playoffs."

While UMS-Wright will bring a 5-5 record into Friday night's playoff battle, the Bulldogs have been one of the state's highest scoring teams in recent years, and will come to Elba filled with confidence after closing the season with two big wins.

The Bulldogs opened the season with losses to Baker 33-13, Robertson 30-11 and Grand Bay 27-6, but then claimed three straight wins over Gulf Breeze, Alba 24-0 and Briarwood Christian 20-14 to even their record at 3-3. Losses to St. Paul's 22-7 and Leroy 30-27 lowered the Bulldogs' record to 3-5, and will bring a 23 game winning streak into the playoffs, while #2 Alexandria has been solid all season and could be a threat to grab the title.

W.S. Neal and Mortimer Jordan could also be teams to keep an eye on, while Clarke County could also be a dark-horse contender.

***CLASS 3A** - Top-ranked Sylvania is once again undefeated, but has usually wilted under the playoff pressure, and the top picks in this class seems to be a lock to take its second straight 2A title, but people are forgetting about undefeated Hartswood, (9-1) Georgiana and (9-1) Gordal, all of which have the talent to take home the title. This may be the most interesting class this season and should be fun to watch.

***CLASS 1A** - Top-ranked Billingsley is the clear cut favorite in the 1A ranks, but this class is also filled with quality teams, and don't be surprised if someone like Courtland, Maplesville or Collinsville, emerges late to take the title.

FAVORITES ARE EASY TO SPOT IN PREP PLAYOFFS

The state high school football playoffs get underway this week, and although the regular season records can be deceiving, there are favorites in every class as the playoffs get started. Here's a quick preview.

***CLASS 6A** - Central, of Phenix City, may not have the offensive punch to go all the way, but the Red Devils do have one of the state's top defenses, and it is usually the defenses that win state championships. Foley had some key injuries late in the season that could keep it out of the running, but Hoover and Central, of Tuscaloosa, are both loaded and could take the state title up north.

***CLASS 5A** - Blount has been one of the state's top teams, regardless of class, all season long and has to be the prohibitive favorite in the 5A ranks. Wenonah will bring a 10-0 record into the post-season action, but is suspect, while Russellville and Wetumpka could also be teams to watch. This should be an interesting classification to watch.

***CLASS 4A** - Defending champ T.R. Miller has to be the favorite in 4A, and will bring a 23 game winning streak into the playoffs, while #2 Alexandria has been solid all season and could be a threat to grab the title.

W.S. Neal and Mortimer Jordan could also be teams to keep an eye on, while Clarke County could also be a dark-horse contender.

***CLASS 3A** - Top-ranked Sylvania is once again undefeated, but has usually wilted under the playoff pressure, and the top picks in this class seems to be a lock to take its second straight 2A title, but people are forgetting about undefeated Hartswood, (9-1) Georgiana and (9-1) Gordal, all of which have the talent to take home the title. This may be the most interesting class this season and should be fun to watch.

***CLASS 1A** - Top-ranked Billingsley is the clear cut favorite in the 1A ranks, but this class is also filled with quality teams, and don't be surprised if someone like Courtland, Maplesville or Collinsville, emerges late to take the title.

PLAYOFF PICKS AREN'T FUN FOR PROGNOSTICATOR

Ye Ole Polish Prognosticator hit on 51 of 62 picks last week to close out a regular season record of 38-29, but wasn't exactly filled with confidence when he stopped by the office over the weekend, and declared that the first week of the playoffs are harder to pick than the first week of the season. Our local guesser has survived many a playoff prediction; however, and here are this year's opening week picks...

ELBA VS. UMS-WRIGHT

The Elba Tigers closed out the regular season with seven straight wins and should be primed to peak in the playoffs; however, UMS-Wright can score points in bunches, and the Bulldogs will pull out all the tricks against the favored Tigers. If Elba is ready mentally, it should pass this early test!

ELBA 27 UMS-WRIGHT 17

NEW BROCKTON VS. BILLINGSLEY

New Brockton staged a late-season rally to post a 5-5 record and may be as good as many other playoff teams in the 1A ranks. The problem for the Gamecocks is that they have to face top-ranked Billingsley in this week's opener, and the Bears are focused in on a state title. This one should help the Gamecocks down the line, next season!

BILLINGSLEY 28 NEW BROCKTON 8

BRANTLEY VS. HORSESHOE BEND

Brantley has struggled to put points on the scoreboard in recent weeks and had better find its offense in a hurry if the Bulldogs hope to make it around for long in the playoffs. This game looks like a rout on paper, but is one the Bulldogs need badly, and should get!

New Brockton & Brantley ready to kick off post-season action

The Alabama High School Athletic Association's "State Football Playoffs" begin this week with the New Brockton Gamecocks and Brantley Bulldogs both having their sights set on state titles.

The Gamecocks will open the post-season party on the road against the top-ranked Billingsley Bears in Class 1A, while the Bulldogs will be at home for a Thursday night clash against the Horseshoe Bend Generals.

Following are highlights of both playoff games:

NEW BROCKTON (5-5) AT BILLINGSLEY (9-1)

The New Brockton Gamecocks will make their return to the state football playoffs Friday night, but the task ahead for the (5-5) Gamecocks couldn't be any tougher, as they must travel to Billingsley to battle the top-ranked (9-1) Billingsley Bears.

The Gamecocks jumped out to a quick 2-1 record this season and averaged nearly 30 points per game in early season action, but then lost their starting quarterback, and proceeded to drop their next four games as their record slipped to 2-5. Quarterback Adam Barr and running back Lee Flowers sparked a late-season surge; however, and the Gamecocks averaged over 28 points per game as they closed the regular season with three straight wins and evened their state at 5-5.

Billingsley has been a 1A power for many years and once again this season has its sights set on adding another state championship trophy to its already crowded trophy case.

The Bears posted wins over Chilton County 24-13, Holtville 26-12, Maplesville 28-14, Dallas County 18-13, Verbena 31-7, Isabella 42-7, Thorby 47-18, Marbury 28-7 and Sweetwater 35-6 during the regular season, while losing to Autaugaigua 7-6.

The Bears' offense has averaged over 30 points per game during the season, while limiting opponents to only 10 points per outing.

The Gamecocks will have to play their best game of the season to have a chance against the talented Bears, but could have a chance at the upset if they can keep from being intimidated.

HORSESHOE BEND (3-7) AT BRANTLEY (6-4)

The Brantley Bulldogs will be hoping to shake off the effects of two straight losses to end the season and gain some much needed momentum for the long playoff road Thursday night when they host the Horseshoe Bend Generals, at 7:00 p.m.

The Bulldogs owned an impressive 6-2 record after eight weeks of the season, with the only losses coming at the hands of 4A Daleville and 3A Laverne, both of which advanced to the playoffs in their respective classes. The wheels came off the victory wagon in the final two weeks, however, and Brantley scored only a total of 12 points in back-to-back losses to A.L. Johnson 6-3 and Georgiana

26-9.

Brantley features one of the state's top running backs in Marcus Jones and a multi-talented quarterback in Austin Cauley, while on the defensive side of the football All-State linebacker Pete Hill roams the field from sideline to sideline. The Bulldogs have the talent to go a long way in the post-season, but needs a shot of confidence in a hurry.

Horseshoe Bend had a season filled with streaks, as the Generals lost their first four games to Elmore County 28-0, Reelstown 9-0, Randolph County 10-9 and Bibb Graves 32-6; then reeled off three straight wins over Wadley 26-0, Woodland 21-14 and Vincent 18-6; before closing out the season with losses to Alabama Christian 12-9, Clay County 41-0 and Winterboro.

Brantley will be a heavy favorite for this Thursday night clash, but the Bulldogs aren't entering the playoffs with a lot of confidence, and this one could tell Bulldog fans how far their team will go in the post-season party.

Plenty of good seats remain for Olympic soccer at Birmingham

The Birmingham Soccer Organizing Committee for 1996 has announced that it has sold more than 100,000 tickets to the 1996 Birmingham Olympic soccer matches.

With an average of over 12,500 tickets sold for each of the eight sessions, Birmingham Olympic has surpassed Barcelona's 12,129 ticket sales per-session average.

Despite perceptions that tickets to all Olympic events are sold out, good seats are still available to every Birmingham Olympic session.

The U.S. Men's Olympic tournament schedule will be announced in mid-November, with Birmingham scheduled to host the U.S. men or women at least once during the tournament, possibly more.

Birmingham ticket brochures are available through the BSOC office (1102 20th Street South, in Birmingham, phone 205-933-1996).

Gamecocks scratch past Martin 34-19

By Chris Flowers, Sports Writer

The New Brockton Gamecocks spotted T.W. Martin an early 13-0 lead and then came storming back to post an impressive 34-19 win over the Warriors, Friday night at New Brockton.

The win evened the Gamecocks' record at 5-5, while T.W. Martin saw its record dip to 7-3 with the loss.

The New Brockton offense was forced to punt on its initial possession after a short drive, but the T.W. Martin offense was ready to put points on the scoreboard, and marched 51 yards in six plays to grab a quick lead.

Walter Remkus gained 33 yards on three carries to spark the scoring march, and got the touchdown on a 12-yard dash, to put the Warriors on top 7-0 with 2:49 left in the opening stanza.

The Warriors regained possession following another Gamecock punt and once again moved quickly down field to increase their lead to 13-0.

A 22-yard run by Scott Fuller was a big play in the drive, while it was Remkus that got the touchdown with a 32-yard scamper with 1:54 left in the second quarter as the Warriors jumped out to a 13-0 lead.

A 25-yard kickoff return by Adam Barr seemed to ignite the Brockton offense, and in just six plays the Gamecocks were on the scoreboard and very much alive!

A 30-yard scamper by Lee Flowers and a 15-yard pass from Adam Barr to Rubin Moguel were big plays in the scoring drive, and it was Barr that got the touchdown on a 1-yard sneak. Flowers ran in the two-point conversion, and with 9:11 left in the half the Gamecocks had cut the Martin lead to 13-8.

New Brockton's Lee Flowers (33) pulls out of the grasp of a T.W. Martin defender enroute to a big gain in last week's 34-19 win. The Gamecocks will travel to Billingsley Friday night to meet the top-ranked Billingsley Bears in the opening round of the 1A football playoffs.

The New Brockton defense rose up to stop T.W. Martin at the Gamecock 35-yardline late in the quarter, and the Brockton offense was again ready to roll, as the Gamecocks drove 65 yards in six plays to grab the lead.

A 30-yard scamper by Lee Flowers to Rubin Moguel was a key play in the scoring march, and it was Barr that notched the score on a 7-yard run. Jason Allums tackled on the two-point conversion, and with only :20 left on the clock, the Gamecocks had moved on top 16-13.

T.W. Martin lost fumbles on its first three possessions of the second half, and the Gamecocks turned all three turnovers into touchdowns, to blow the game open and take a whopping 34-13 advantage!

Lee Flowers cashed in the first turnover with a 22-yard touchdown run with 6:07 left in the third quarter to increase the New Brockton lead to 22-13, while a 14-yard pass from Adam Barr to Rubin Moguel with 2:04 left in the stanza upped the Gamecocks' lead to 28-13.

A 3-yard touchdown pass from Barr to Moguel resulted in the final T.W. Martin.

points of the night for New Brockton, and put the Gamecocks in command with a 34-13 lead with 9:47 remaining in the game.

T.W. Martin added a touchdown with 6:06 left in the game on a 2-yard run by Walter Remkus, but it was too little, too late, as the Gamecocks held on to post the impressive 34-19 win.

Adam Barr rushed for two touchdowns and passed for two touchdowns to lead the New Brockton offense, while Walter Remkus gained 120 yards on 13 carries and scored three touchdowns to lead T.W. Martin.

Rebels drop finale to McKenzie 14-0

By Cade Shiver, Sports Writer

The Zion Chapel Rebels made the long trip to McKenzie Friday night to face the McKenzie Tigers, and as the rain stopped and the temperature dropped, the Rebels saw their season come to an end as the Tigers blanketed the Rebels 14-0.

McKenzie took the opening kickoff and behind the running of Douglas Crittenden began to cover some real estate in huge chunks. An interception by Zion Chapel's Tommy Gullede stopped the early scoring threat, and the Rebels put together a drive of their own behind the running of Elliot Liptrot, only to be stopped after crossing mid-field.

The next four possessions of the night were three plays and out, as both defenses began to take over the show, and allowed only a total of four yards in total offense.

A 24-yard scamper by Willie Pettway breathed life into the Tiger offense late in the second quarter, and two plays later McKenzie got on the scoreboard and grabbed a 6-0 lead with 3:30 left in the half.

McKenzie got the ball back on a punt, and this time struck quickly, as Detrick Womack broke loose and raced 65 yards for a touchdown to put the Tigers on top 14-0 with 2:36 remaining in the half.

Zion Chapel came out of the locker room fired up and began to move the ball offensively, but again failed to sustain a drive, and punted the ball back to the Tigers.

The Zion Chapel defense was determined to keep McKenzie out of the endzone in the second half and twice held the Tigers on downs deep in Rebel territory.

The Rebel offense finally began to move the football late in the game and marched 64 yards in nine plays to get within scoring range.

A 26-yard scamper by Elliot Liptrot gave the Rebels a first down at the Tiger 13-yardline; however, that was as close as the Rebels would get, and McKenzie held on to post the 14-0 win and claim the Area championship.

Elliot Liptrot gained 100 yards rushing to lead Zion Chapel.

Kinston Bulldogs make it look easy in 48-6 victory

By Phillip Miles, Sports Writer

The Kinston Bulldogs rode the momentum of a muffed punt by Lyman Ward and an interception return for a touchdown to score 23 unanswered points in the first 12:10 of the first quarter and strolled to an easy 48-6 win over the Rangers, Friday night in Kinston.

The win closed out a disappointing 2-8 season for the Bulldogs on a high note, and came on a cold, windy night.

Kinston failed to move the chains on its first possession, but got the ball right back when a Bulldog punt grazed the leg of the Lyman Ward punt returner, and the loose ball was scooped up by Kinston's Jeremy Osborn, who returned the muffed punt 15 yards to the Ranger 15-yardline.

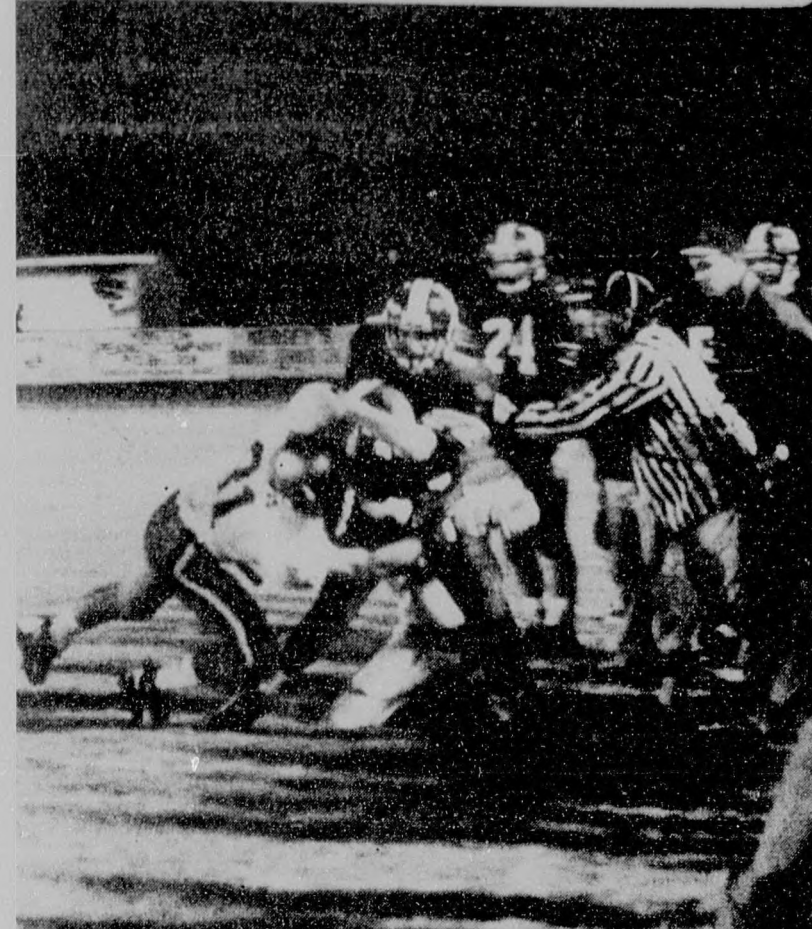

Kinston wasted no time cashing in on the early break, as on the next

play from scrimmage Jason Wambles rambled in from 15 yards out, and Chancy Lashley added the extra-point, giving the Bulldogs a 7-0 lead with 10:16 still left in the opening stanza.

Kinston set up shop at the Lyman Ward 32-yardline to begin its next offensive series, and again it took the Bulldogs only one play to reach paydirt, as Adam Osborn swept left-end and raced into the endzone for the touchdown. Chancy Lashley booted the extra-point, and with 7:08 left in the first quarter Kinston was on top 14-0.

Lashley recovered a Lyman Ward fumble at the Bulldog 37-yardline to stop a Ranger threat late in the first quarter, and then added to the Bulldog lead as he booted a 19-yard field-goal to increase the Kinston lead to 17-0 with 1:02 still left in the stanza.

Kinston's Ricky Morris inter-

A Kinston Bulldog runner tight-ropes the sideline for a big gain during Friday night's 48-6 season ending win over Lyman Ward.

SENIOR CHEERLEADERS...were honored at Friday night's game. The cheerleaders included (l-r) Anna Stokes, Emily Crowe, Jill Martin and Destiny Brown.

University of North Alabama senior linebacker Ronald McKinnon, of Elba, is among 22 candidates in the running for the 1995 Harlon Hill Trophy as the NCAA Division II College Football Player of the Year.

The candidates were announced last week by the National Harlon Hill Committee chairman Jeff Hodges.

The list of candidates includes six players from each of the South and Northeast regions, and five from the West and Midwest regions.

Players are nominated and voted on by the sports information directors at the 147 NCAA Division II football-playing institutions. The initial 22 candidates will be placed on regional ballots and the top two players from each region will advance to the national ballot, when regional voting concludes on November 13.

The winner of the 1995 award, which is presented by the National

played a Lyman Ward pass on the second play of the second quarter and raced 45 yards to paydirt as the Bulldogs blew the game open early!

The extra-point try failed, but with 11:50 left in the second stanza the Bulldogs were on their way with a big 23-0 lead.

Lyman Ward began a drive at its 45-yardline after Kinston failed to convert on a fourth down play, and the Rangers finally showed signs of life as they marched 55 yards to get on the scoreboard.

Jarred Marold gained 19 yards to get the drive started, and thirteen plays later scored from three yards out to cut the Kinston lead to 23-6 with 5:24 left in the third quarter.

Chancy Lashley returned the ensuing kick 34 yards to the Bulldog 45-yardline, and Kinston headed back down field to add to its lead.

Jason Wambles had key runs of eight and fourteen yards to keep the drive alive, while the score came when Fred Edwards bulled over from one yard out. The extra-point try again failed to connect, but with :16 left in the half Kinston was in command with a 29-6 advantage.

A 24-yard gain by Jeremy Osborn on a fourth down and one kept the drive alive early, and this time it was Jason Wambles that notched the score, as he kept on an option in the drive, while the score came when Jason Wambles hit Jason Wil-

liams with a quick three-yard slant. The extra-point try was again wide; however, it made little difference as Kinston's lead had ballooned to 35-6 with 5:24 left in the third quarter.

Kinston's Jason Williams recovered a Ranger fumble at the Bulldog 23-yardline on the Rangers' ensuing possession, and the Bulldog offense was ready to head back to the endzone, as Kinston marched 77 yards to score the final points of the night.

Ryan Reid scored the touchdown on a 44-yard dash, and with :29 left on the clock the Bulldogs had the win 48-6.

Kinston's Jeremy Osborn led all rushers with 62 yards on 10 carries, while Jason Wambles rushed nine times for 56 yards and two touchdowns, and Adam Osborn gained 52 yards on seven tries.

TSU student from local area is member of honors program

Angela Eddins Davis

Troy State University student Angela Eddins Davis of Jack, AL has been admitted to the University Honors Program.

Davis, a freshman at TSU, is the daughter of Jimmy and Marie Eddins of Coffee Springs, AL. She is married to Brandon Davis, originally from Coffee Springs, AL.

The University Honors Program at TSU is an interdisciplinary program of student designed for highly motivated students with exceptional academic talent. To be considered as a candidate during the freshman year, students are required to achieve a minimum score of 26 on the ACT (or equivalent on the SAT) and/or receive special permission from the program director based on a proven academic record. Honors program candidates who complete their freshman year with a 3.25 grade point average are then recognized as a University Honors Scholar.

1995-96 Mensa Education & Research Foundation Scholarship Essay Contest being offered

The 1995-96 Mensa Education and Research Foundation Scholarship Essay Contest has been announced. Awards are made on the basis of an essay of fewer than 550 words describing the applicant's academic or career goal. The eligibility requirements are that the applicant must be enrolled in an accredited American institution of post-

secondary education for the 1995 fall/winter term and be a U.S. citizen or permanent resident (not student visa). The general awards are unrestricted as to age, sex, gender, level of education or financial need. Special awards are made for additional specific criteria.

All requests for applications must include a self-addressed, stamped

envelope and be postmarked no later than January 5, 1996. All submissions must be postmarked no later than January 31, 1996. Contact: Linda A. Crawford, 105 Victoria Drive, Enterprise, AL 36330.

For information on Mensa in general, please contact: American Mensa, Inc., 201 Main St., Suite 1101, Fort Worth, TX 76102.

Miss Sheila Nelson honored with Bridal Shower

Seated: Miss Sheila Nelson-honoree. Standing left to right: Mrs. Orice Nelson, Mrs. J.L. Johnson, Mrs. Gerald Nelson and Mrs. Varel Elmore.

The home of Mrs. James Grimes was the setting for a miscellaneous bridal shower honoring Miss Sheila Nelson, bride-elect of Jason Johnson, on Sunday, October 29, between the hours of two and half past three.

The front door of the Grimes home held a cascade of magnolias and wedding bells accented with black ribbon, which is the brides chosen colors. Mrs. Grimes greeted the many guests who called during the party hours and directed them to the bridal registry which was presided over by the sister of the bride, Mrs. Tawana Tucker of Nahant, GA. The table was heart shaped and held a feathered pen and the guest book. A candle stick adorned the uncovered table. Each guest was then directed to the receiving line consisting of Miss Nelson, the honoree; Mrs. Gerald Nelson, mother of the bride; Mrs. J. L. Johnson, mother of the groom; Mrs. Varel Elmore, maternal grandmother of the bride, and Mrs. Orice Nelson, paternal grandmother of the bride.

The guests were then directed to the dining room where Mrs. Troy Hudson, sister of the groom, and Mrs. Glen Johnson, sister-in-law of the groom, served punch and party foods. The serving table was covered with an ecru Battenburg cloth. The lead crystal punch bowl and serving trays added to the overall beauty. The focal point was a mirrored tray that held three crystal candle sticks. The reflection of the burning tapers of the bride's table, leather leaf greenery and baby's breath encircled both the punch bowl and mirrored tray.

Gifts were displayed throughout the bedrooms of the home.

Hostesses for this occasion were: Mrs. James Grimes, Mrs. Robert Parker, Mrs. Wendell Black, Mrs. Paul Cook, Mrs. Ernest Marler, Mrs. Jerry Kelley, Mrs. Roy Davis, Mrs. Jerry Stricklin, Mrs. Frank Daniels, Mrs. Carolyn Powell, Mrs. Kathryn Harris, Mrs. Charlotte Parker, Mrs. Gary Lambert, Mrs. Kenneth Campbell, Mrs. Joel Matthews, Mrs. Guy Aycock, Mrs. Merlene Owens, Mrs. Larry Hall, Mrs. Kenneth Baker, Mrs. Bobby Hudson, Mrs. Ronnie Whitworth, Mrs. Dwight Kelley, Mrs. Dennis Smith, Mrs. Jimmy Martin, and Mrs. Lloyd Lewis.

Breast Cancer awareness

The key to preventing death from breast cancer is early detection. The Alabama Department of Public Health joins with other health organizations in reminding women and their families about the importance of early detection methods in preventing breast cancer deaths.

The American Cancer Society estimates that 3,000 Alabama women will be diagnosed with breast cancer in 1995 and 710 will die of the disease.

"As many as one-third of the women who die of breast cancer could have been saved through early detection of the disease," according to Dr. Jack Hataway, director of the Chronic Disease Prevention Division. "Many women could save their own lives by following a simple three-step early detection program of monthly breast self-examination, annual clinical examination and mammography appropriate to her age. Mammography is essential in this process because it can find a tumor up to two years before it can be felt by a woman or her health care provider." According to experts in the field, regular mammograms are the most effective means of detecting breast cancer early and they are crucial for women over the age of 50. It is important that all mammograms be performed at a facility accredited by the American College of Radiology.

Dr. Hataway reminds women that breast cancer can develop at any age, but a woman's risk increases as her age increases. While it is true that family history of breast cancer is a risk factor, 80% of the women who are diagnosed with breast cancer have no family history of the disease.

For additional information about breast cancer or mammography facilities, contact the Alabama Department of Public Health at 1-800-252-1818 or one of the following 800 numbers: American Cancer Society 1-800-ACS-2345; Cancer Information Service 1-800-4-CANCER; Susan G. Komen Breast Cancer Foundation 1-800-1-M AWARE; Y-ME National Breast Cancer Organization 1-800-221-2141; Alabama Partnership for Senior Health Information 1-800-760-3540.

The students and faculty of Enterprise State Junior College recently enjoyed anniversary cake to kick off the College's 30th anniversary. Students from Elba, pictured left to right, are: Kevin Lawford, Lana Spurlin, Joey Griggs, Victor Machicote, Donna Debra, Brian Qualls, and Chava Davis. They joined by ESJC Dean of Students Dr. David Chalker - who was a member of the first graduating class.

AATC's Winter Quarter Class Schedules now available

Alabama Aviation and Technical College's (AATC) schedule of winter quarter classes has been released. New students may preregister for winter quarter classes beginning November 9 through November 22, 8:00 a.m. - 2:00 p.m., Monday through Friday. All students entering certificate, diploma, or degree programs must take the ASSET placement test. Assessment is required prior to enrollment and will be used to determine placement in courses during the registration process. ASSET testing has been scheduled for

ASSET Placement Program helps freshman schedule correct courses

All beginning freshmen are required to take the ASSET Placement test before registering for classes at Enterprise State Junior College. Unlike some tests, students do not "pass" or "fail" this test. The test is designed to help counselors determine the appropriate English, reading, and math courses students should take.

Anyone planning to register for Winter Quarter, and who will be an entering freshman, may sign up to take the ASSET Placement test at one of the following times and places: Wednesday, November 29, 5:30-8:30 p.m., in the Enterprise State Student Center; Tuesday, December 29,

5:30-8:30 p.m., at the ESJC Rucker campus; Monday, December 11, 1:30-4:30 p.m., in the ESJC Student Center. Students registering late may take the tests on either Wednesday, January 3, or Thursday, January 4, both at 4:30 p.m. in the ESJC Student Center.

Students are asked to be at the testing room ten minutes before testing time. The testing session will begin promptly at the posted time.

There is no fee for taking this test. For more information about the ASSET Placement tests or to sign up for a session, call 393-ESJC, ext. 295.

"Opal" through the eyes of second graders

On Wednesday, October 4, 1995, Hurricane Opal swiftly changed the face of Coffee County. Each person experiencing Opal's fury had a story to tell about this season's hurricane #15 blowing through the city at ninety miles an hour. Elba Elementary second grade students in Mrs. Pat Clark's class and Mrs. Pam McCollough's class eagerly shared their eye witness accounts through their writing.

Mrs. Pat Clark's Class

Hurricanes are rough. They have strong winds. These winds can blow trees over. They can fall on people's houses. It can take you a week to clean up all the limbs and other trash left by a hurricane.

Andrew

Opal was a terrible hurricane. She cause terrible winds. The winds can blow you away too. During the storm, there is no power, trees blow over and sometimes fall. I had to clean up after the storm. Then I went to play with my dogs. I have eleven dogs.

Tesha

Hurricanes are rough. They can bend trees. They can blow you away. Houses lose power. Roofs blow off houses. Trees fall on houses. Trees blow over. Sometimes cars get smashed. Hurricanes frighten me.

Shaun

Hurricanes are rough. Houses lose power. Cars are smashed by trees. Trees fall on houses. Roofs blow off of houses. Windows burst out. The strong winds can blow you away. Cars flip over. It is very dangerous. The winds are about 122 miles per hour.

Trey

Opal was a terrible hurricane. The wind was strong. It could blow you away. Trees bent over and some trees blew over. They fell over cars. The roof blew off some houses. Windows burst out.

Dorothy

Opal was a terrible hurricane. Trees bent in the wind. The winds can blow you away. We used candles and ate can food. The power went out so people had to use generators. It was really scary.

Sherika

Hurricanes are rough. They can blow you away if you are outside. The windows burst out of people's houses. The roof blows off. Some trees blow on people's houses. Houses lose power. Cars got smashed. People had to eat canned foods. It was a rough storm. The tree bent in the wind. Some people use candles, flashlights, or lamps. Some people use generators for light.

Paige

Hurricane Opal was terrible. Trees fell over. We could not find ice. There was strong winds. My dad was home during Hurricane Opal. Some people had to use generators. I did not like Hurricane Opal. Hurricane Opal was rough and tough.

Aimee Miller

Hurricane Opal was terrible. My mama's house was terrible. It had 35 trees down there. The men that clean up trees left a tree in the middle of the yard. We had to move it by ourselves.

Bitly

Hurricanes are rough. Strong winds can blow you away. Trees blow over on houses. Houses lose power. I had to pick up limbs after the hurricane.

John Moody

Hurricanes are so rough and so strong that you can't control it. It will blow you away when you go outside. Sticks will be everywhere.

Michael

Nothing fell on my house, but my next door neighbor their palm tree fell towards the road.

Joshua

Opal was a terrible hurricane. It was rough and tough. She blew trees over. Trees fell on cars and houses. Roofs blew off houses. I'm glad it's over.

Juan

Hurricanes are rough. During a hurricane the winds can blow you away. Roofs blow off. Trees fall on houses. Some people use generators to keep their food cold.

Alan

Hurricanes are rough. The winds are strong. I had a bunch of things to pick up. There were tree limbs, branches, and leaves. I had to pick them up. It was a mess.

Josh Wallace

Hurricanes can happen at anytime. Hurricanes are strong winds. It can cause a tornado. It can blow you away. When a hurricane happens you have to get some where safe. You have to take food, a gallon of water, flashlights with lots of batteries. You need lots of blankets and mattresses. If you have a cat or a dog you need some dog food or cat food so they won't eat your food, you need your own food. The end!

Asheigh Hayden Waddell

Opal was a terrible hurricane. Hurricanes can cause strong wind. They are rough. Hurricanes make trees band and after that the trees blow over. Some hurricanes can blow you away. Roofs blow off of houses and trees fall on houses too. Sometimes cars get smashed. A lot of houses lose power. Window burst out. They cause tornadoes to happen. People use generators, candles, flashlights, and lamps. A lot of people do not have water. You can eat canned food. You get scared sometimes. I did get scared a lot. You probably did too. Hurricanes mess up a lot of things. I do not like hurricanes at all. When you go to a safe place you need a lot of batteries and other things. The end.

Kayla

Opal was a terrible hurricane. She brought strong winds. They caused trees to bend. When trees bent they fall over. If you went outside it can blow you over. Sometimes trees fell on houses. Trees broke windows. Cars were smashed by trees. Houses lost power by hurricanes. When people lost their power they used candles. When the power went off people ate canned food.

Elena

Hurricanes can happen at anytime. Hurricanes are strong winds. These strong winds can cause tornadoes, trees blow over, roofs blow off houses and windows burst. When storm winds come like this power goes out. People's cars get smashed. The trees bend then they break. Trees fall on houses and they leave a big dent in the roof. Hurricanes can do lots of damage.

Rae

Hurricanes can happen at anytime. The night of the hurricane I was scared. The winds were strong. It was raining hard. The wind kept the door from opening. We didn't have any lights. Our TV did not work. We had to use candles.

Dustin

At Beaver Dam Trailer Park a roof blew away. Another trailer blew far away. The sing at Big Little was concrete in the ground and it came out of the ground.

Jason

I was not afraid. My tree fell down. My next door neighbor's shed flew over to our yard. Trees were down in the woods. Power lines were down.

Derrick Cook

I had to sleep in the hall. At the first it was scary and my little brother kept telling me he was scared! I told my mom that it was scary to him. She put a candle in the hall.

Emily Bradshaw

One time there was a hurricane. Trees fell on trailers and houses. I was afraid. We did not stay in our trailer because it hit our neighbor's trailer. We went up to my aunt's and stayed. Then we were happy.

Lonzo

I saw some trees up rooted and some trees laying beside the house. I saw some trees in the road. I was scared of the winds. It was blowing hard. I thought that it was going to blow the garage door down.

Amanda

New officers elected to Elba Elementary Student Council

Student Council officers were elected by the students of Elba Elementary School on October 5, 1995. The election concluded with a run-off in three of the four positions. The run-off included: treasurer: Justin Allen, Jason Curran, Melissa Sanders, and Elizabeth Farris; secretary: Brittany Daniels, Ashley Harrellson, Adam Henderson; president: Chelsea Cooper, Wesley Kelley.

Casey Skinner won the vice-president office with no run-off. The run-off results were: Justin Allen, Grissett, Doug Turnbull.

Fourth Grade: Destina Gray, Kaci Grantham, Natasha Brooks. Fifth Grade: Brandon Petty, Samantha Williams, Jason Curran, Regina Warren, Joshua Tice. Sixth Grade: Gavin Maulden, Ashley Harrellson, Lashonn Robinson, Shannon Winters.

The first meeting of the Elba Elementary Student Council was a luncheon meeting held October 6. The council has sponsored a "Fall Fashion Day" and "Drug Awareness Day". Future plans include Veterans' Day ceremonies, participating in our school's Fall Festival, collecting canned goods, a bake sale, and a Christmas concert.

The following students were elected by their homerooms to serve on the 1995-96 student council:

First Grade: Albert Tyson, Cassidy Cooper, Kristin Barnes, Jennifer Grissett, Doug Turnbull.

Second Grade: Todd Kelley, Rae Walker, Chad Williams, Shea Manning, Reynar Rogers, Alexa Puckett, LaRay Williams.

Third Grade: Albert Tyson, Cassidy Cooper, Kristin Barnes, Jennifer Grissett, Doug Turnbull.

Fourth Grade: Destina Gray, Kaci Grantham, Natasha Brooks.

Fifth Grade: Brandon Petty, Samantha Williams, Jason Curran, Regina Warren, Joshua Tice.

Sixth Grade: Gavin Maulden, Ashley Harrellson, Lashonn Robinson, Shannon Winters.

SHANDEZ "SHANK" DANIELS MAINTAINS POSITIVE ATTITUDE DESPITE SERIOUS INJURY

Elba football player remains in hospital following neck injury

by Ferrin Cox
Publisher

Shandez "Shank" Daniels is still in a Dothan hospital following a terrible neck injury in the Elba-Hillcrest football game on Friday night, November 3rd. While his teammates were celebrating a great homecoming win, Shank was in an ambulance enroute to Dothan where he underwent emergency surgery, beginning at 2 a.m., Saturday morning.

The incision. After a few days of healing of the throat, Shandez is expected to begin talking, and taking food and liquids orally.

Lowery expressed amazement at the real positive attitude of the high school senior. The coach added that the young man's mother, Linda Tyson, was also unbelievably positive and upbeat ... she has every belief that her son will recover from the injury. Lowery said, "In fact she is not going to accept anything else." The coach explained that she is with her son almost continuously, and it does him good just talking with her.

Lowery said, "Once is more than enough."

At press time doctors are not predicting the outcome. They are waiting for the swelling to go down and the possibility that movement of his legs and arms can start at any time. They do report that he has a tingling sensation in his arms and legs now.

Daniels was taken from the playing field by the Elba Rescue Squad following a tackle on a kickoff return. He went down after hitting the ball carrier and was unable to move. He was taken to Elba General Hospital and then rushed to Dothan.

Following the four hours of surgery, doctors told family members the surgery was successful. They then carefully explained that the objective of the surgery was to realign the two vertebrae dislocated during action on the football field, thereby relieving whatever pressure possible due to the things hooked to him.

The young man is in Flowers Hospital ... in the 5th floor SICU. He has limited visitation, however, nurses are working with visitors to give him all the peer support he can physically handle. Many of his teammates and other high school friends have visited him at the hospital. Coach Lowery reported his mother

started out keeping a list of all who visited or did things for them, but the numbers overwhelmed her and she gave up the project as impossible.

Lowery said he called a team meeting on Monday, following the accident. To prepare the other players for what they could expect when they visited Shank, he explained to the players how he looked and about the revolving bed he is in. He said some of them were still kinda shook after visiting their friend.

WHAT IS THE SPINAL COLUMN

The spinal column is the axial support for the human skeleton. It holds the body upright. The various vertebrae articulate (twist and bend) with those adjacent to it by means of elastic fibrous disks. Apparently in this case the elastic disks received excessive pressure and allowed two sections of the vertebra to get out of place and put pressure on the spinal cord.

SPINAL CORD

The spinal cord is the nerve tissue of the central nervous system.

High school principal David Stokes said, "My thoughts and prayers are with Shandez and his family." He continued, "I am going to continue to look for signs of recovery in his condition." According to Stokes, the student body at Elba High School is very aware and concerned for Shandez Daniels.

Initially, there was an effort to raise some money for the family. Reports are that this first effort raised over \$3,000 to help with expenses.

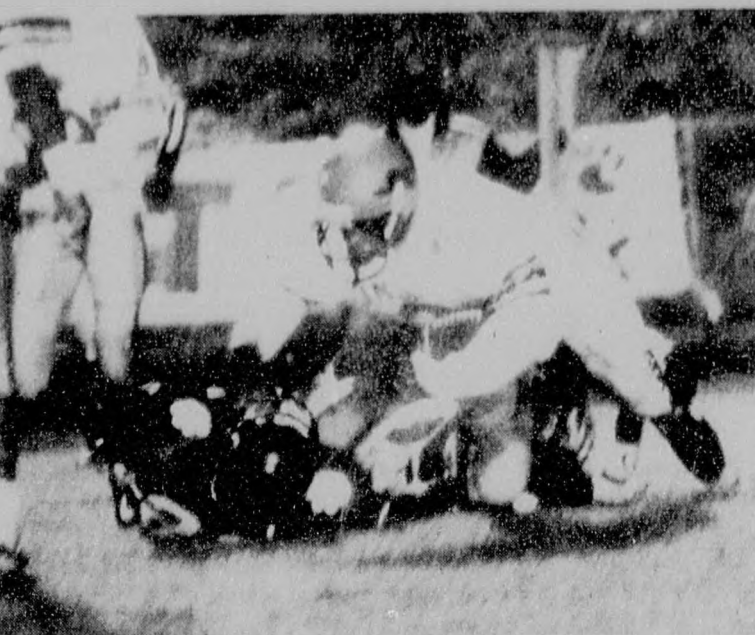

Insurance wise, there are three insurance policies which are involved and helping pay the medical expenses. First, the school has a policy on football players which will pay up to \$10,000. That was used up soon after the accident.

Second, the family has Blue Cross/Blue Shield coverage. Third, the school participates in a program with the Alabama Athletic Association which will kick in after all other insurance is exhausted.

According to Stokes, the student body at Elba High School is very aware and concerned for Shandez Daniels.

Even with this coverage, there will be mountains of expenses not covered. With his mother staying at his bedside, she is unable to work and her expenses and normal living costs continue.

First year head coach David Lowery commenting about such a tragic accident happening during his first season said, "Once is more than enough."

DANIELS (ON BACK) INJURED DURING KICK-OFF RUN BACK

from the spinal cord. During the operation, bone was also grafted from his hip to the damaged bone in the spinal column. Pressure on the spinal cord and the accompanying swelling have done an undetermined amount of damage to the mass of nerves which make up the cord. Thus far, Shank is being held immobile on a rotating hospital bed, allowing his body time to overcome the damage from the accident and the trauma of the surgery.

Commission O.K.'s building authority

by Marvin McLwain - Editor

Newly elected (by his peers) Coffee County Commissioner Chairman Robert Stephens presided over his first session since taking over Monday morning.

It did not take long for the "hottest topic" in the county to hit the floor - the construction of a new county courthouse in Enterprise.

The past president of the Enterprise Chamber of Commerce, John Buck, appeared before the commission to reintroduce the application for a public building authority to oversee the courthouse project.

According to Buck, not less than three registered voters of the county, who also own property, must petition the commission to incorporate a public corporation.

The three individuals named in Buck's resolution are: Charleen Goolsby, Myra Riley, and himself.

Commissioner Bernest Brooks made the motion that the commission adopt the recommended resolution creating the public building authority.

Commissioner Randy Lu-sford seconded Brooks' motion.

Elba man arrested on rape charge

An Elba, AL man has been charged with the alleged rape of an Enterprise woman.

Dennis James Harper, Jr., 32, of Route 4 B x 26 (Old Samson Road), Elba has been arrested and charged with rape.

According to Investigator Johnny Senn with the Elba Police Department, author, he was notified of the incident on Thursday morning, November 9, when a 24-year old woman reported that she had been assaulted.

During the course of the investigation, Senn learned that the lady, in addition to being beaten, had been sexually assaulted.

The alleged rape occurred on a dirt road just off Al. Hwy. 84 south of Elba within the police jurisdiction.

and our county funds would not be affected.

"I can't see that happening," said Black. "It concerns me when we've got five big rural districts with roads, buildings and everything to keep up already and we're going to drain the county and have to finance a courthouse."

Buck noted, "there is obviously never going to be a good time to build a courthouse and to finance it."

"We are under the presumption that the commission is operating un-

Elba man disappears

Elba police are investigating the apparent disappearance of a 33-year old white male.

Loren Kevin Aplin, of 846 Washington Avenue, Elba, AL, was last seen on Thursday, September 21, when he spoke with his sister.

According to Investigator Johnny Senn, Aplin called his sister, Linda Patel, and told her that he was on his way to Elba to see her. At that time he was in Geneva County and was walking.

Aplin never reached his sister's and has not been heard from since.

He is described as being 5'7" tall, weighing 130 lbs and having a reddish beard. Aplin has light brown hair described as being "dirty blond." He always wears blue jeans and sometimes a hat.

Any person(s) having any knowledge of Aplin's whereabouts, or of his disappearance, is asked to call the Elba Police Department at (334)897-2555. Anyone who wishes to remain anonymous may call 897-3881.

HAPPENINGS

AREA FOOTBALL GAMES. Brantley, the only local team remaining in the state play-offs, will play Excel in Excel Friday night, November 17. Kickoff is scheduled for 7:30 p.m.

THANKSGIVING SERVICE PLANNED. The newly-formed Elba Christian Coalition will sponsor a Community-Wide Thanksgiving Service on Sunday evening, November 19, at 6:00 p.m. in the Elba High School auditorium. A mass youth choir of area youth will provide music for the service. Also, a love offering will be taken for Shandez Daniels. Make plans to attend this special time of thanksgiving for our community.

CHRISTMAS FESTIVAL. Elba's eighth annual Christmas Festival will be held Saturday, December 9, 1995, on the historical square in downtown Elba.

PTO MEETING. The Zion Chapel PTO will meet Thursday (TODAY) at 7:00 p.m. in the high school auditorium. All parents who have children in grades K-12 are encouraged to attend.

Christmas Festival plans underway

Elba's eighth annual Christmas Festival will be held on Saturday, December 9, 1995, around the square of the historical Coffee County Courthouse.

This year will be no different from many other years with Santa, crafts, food, parade, live Nativity, and of course, a day filled with entertainment for all ages.

Roger Boothe, a local businessman and entertainer, will be emceeing part of the day's festivities.

He, along with his band, "Dixie Breeze Blue Grass Show Band," will also be providing some of the day's entertainment.

In addition to emceeing and entertaining, Roger will also be serving as an auctioneer for auctions scheduled at different intervals throughout the day. Items for the auctions will be supplied by local merchants and visiting arts and craft vendors.

Elba's own, Rob Hudson, and his wife, Kelly, will also be emceeing and entertaining throughout the day.

The Hudsons have been performing with Opryland Productions at the Alabama Theatre in Myrtle Beach, South Carolina, and will be bringing this talent to entertain during this special day.

Some of the other entertainment scheduled are: Dustin Rhoades; ABLE, a new local group; Majesty; Southland Shufflers; Diamond Squares Dancing; Club; The Way-makers; Little Girl Fiddlers; and many other groups being added to the list daily. A more complete list will be published at a later date.

There will also be a surprise visit from two of Nashville's Grand Ole Opry Stars who have graciously accepted an invitation to come and be a part of this down-home hoe down.

Plan now to be a part of this special day in Elba, and join in the fun around the square.

CHRISTMAS FESTIVAL COMMITTEE AT WORK...Pictured above are members of the committee planning this year's Christmas Festival. They are (l-r): seated - Roger Boothe and Kaye Whitworth, who are working on entertainment; standing - Verne Maddox, publicity; Herby McCall, chamber president; Henrietta Grimes - publicity and festival co-chairperson; and Barbara Hudson, chamber executive director and festival chairperson.

Read The Elba Clipper for the release of further plans for activities which will be scheduled for that day.

Anyone wishing to suggest any talent/acts that they would like to see during the festival should contact Kaye Whitworth at 897-3669.

SBA closes disaster loan office

U. S. Small Business Administration (SBA) District Director James Barksdale announced that the disaster loan office which was located in New Brockton closed on Wednesday, November 15, at 5:00 p.m.

Anyone needing assistance can call toll-free 1-800-359-2227. These telephones are answered on weekdays from 8:00 a.m. to 6:00 p.m., eastern time.

The application deadline for physical damage is December 3, 1995. Applications WILL NOT be accepted after this date.
